## Happy Independence Day!

Dear Ukrainians!

Today we are celebrating the 32nd anniversary of freedom and independence of our country.

Ukraine has experienced a lot in these years, but one thing is for sure – Ukraine has not given up and has not broken down. We have saved our country and preserved our statehood.

And Ukraine will definitely win. Our path to the Victory is not short and it is very difficult, but the day when the war ends and we start building peaceful, modern, new Ukraine, will surely come.

I am grateful to every Ukrainian soldier defending us. You are our pride and our strength.

Thank you to everyone who helps in the rear. Today, each of us must do our best to help the front in order to stop the aggressor as soon as possible and protect our independence for evermore.

May this day always be a day of joy, pride and hope for all of us.

Happy holiday! Happy Independence Day!
